

Bose Purchase Program

TAC Worldwide (TAC) has partnered with Bose Corporation in an exciting community program called Bose In Harmony with Education. As a result, Bose has extended to all employees their Vendor Accommodation Program. All employees are eligible to purchase one Bose product per calendar year at a discounted price. Purchases are for immediate family members and personal use only and are not for re-sale.

You can view the products on the Bose website at www.bose.com or at any Bose retail store. In order to take advantage of the special Vendor Accommodation pricing, you MUST call 1-800-444-BOSE to inquire about products or place your order (orders cannot be placed on line).

Identify yourself as a TAC employee to the Bose representative by giving your name and TAC ID number (your social security number plus the first initial of your last name).

Tell them which item you are interested in, and they will inform you of the discounted price, if applicable. Once Bose has verified that you are an employee of TAC, the order can be processed. Bose will accept money orders, bank checks, American Express, Visa, Master Card and Discover for payment.
