

The Ford Partner Recognition Program

Employees of TAC Worldwide can save hundreds, even thousands of dollars on new cars or trucks through The Ford Partner Recognition Program!

Because of our company's strong partnership with Ford Motor Company, you have the opportunity to participate in the Partner Recognition program. It allows you to purchase or lease eligible Ford, Lincoln, Mazda, Volvo and Land Rover vehicles at Ford Motor Company's very attractive X-Plan price (S-Plan for Mazda), with no price negotiation at the dealership. Partner Recognition also offers direct customer cash incentives on selected Jaguar models through the Jaguar Preferred program.

It's Easy to Participate

All you need to get started is our company supplier code, which is GEMAG. Those interested can then register for Partner Recognition or just request more information by logging on to www.fordpartner.com or by calling 1-877-XPLAN-00 (U.S.) or 1-877-294-7554 (Canada). Employees will need to show proof of employment by either presenting a pay stub or a W-2 Form.

Take advantage of the Ford Partner Recognition Program... you've earned it!
