

Referral Bonus Plan

If you help us... we can help you!

TAC Worldwide (TAC) encourages our associates to refer friends and colleagues to apply for employment opportunities with our organization. We find that word of mouth from our current associates is a great way to find other skilled professionals who might be interested in our opportunities and the benefits of working with TAC.

If you know of anyone who might be interested in one of our many positions, let your recruiter know and you could be rewarded!

TAC provides you with a bonus of up to \$1000* for any associate who is hired as a result of your referral.

Contact your TAC Worldwide recruiter today for details!

* The bonus pay structure varies depending on factors including job description, length of assignment, etc. and there is a maximum of \$2000 in referral bonus per associate, per year.

Name of Referral: _____

Phone Number: _____

Skills: _____
