

IT Outsourcing Services

TAC Worldwide
Think Agile Workforce.™

*TAC
Worldwide
delivers
process and
technology
solutions
aligned to your
staffing
needs and
business goals.*

Successful outsourcing of IT functions hinges on partnering with an organization that fully understands your needs, has proven experience, technical expertise, and unquestionable integrity. TAC Worldwide is the integrated technology outsourcing service provider you can trust — allowing your teams to focus on core strategic processes.

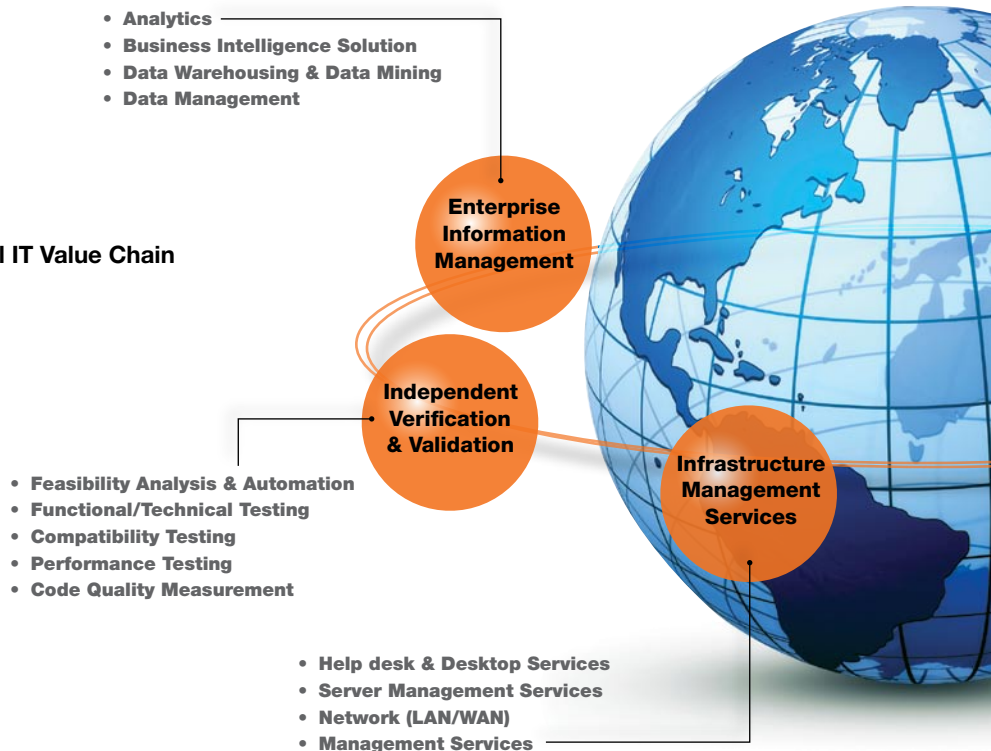

Through a combination of process investment strategies and technology leverage, we help you optimize your systems and gain substantial and sustainable business benefits year-on-year.

TAC Worldwide will help you:

- Manage costs more effectively
- Implement systems that promote business growth
- Improve productivity
- Enhance quality, efficiency, and profitability

We operate from a unique strategic position at the intersection of technology and process. This mix of comprehensive expertise in critical areas — process consulting, IT outsourcing services, and data analytics — works to your advantage, improving efficiencies, driving costs down, and helping you gain a competitive edge.

The Complete Global IT Value Chain

Process and Technology solutions include:

- Consulting programs for process re-engineering and execution.
- IT Offshore Outsourcing services to enhance business effectiveness and maximizing ROI.
- Contact Center Offshore Outsourcing for cost reduction and quality improvement.

A global reach, a world of experience.

TAC Worldwide and its strategic alliance partners deliver the highest quality process and technology solutions. Together we have decades of experience in delivering large domain-intensive IT projects for the Global 1000. Through these value-added partnerships we excel in engagement flexibility, speed, and innovation. We provide comprehensive IT staffing services from locations in North America, Europe, India, Japan, China, Singapore, and Malaysia. Wherever your needs arise, our large resource pool of skilled contingent associates is available on short notice.
